### MOVIES

**Blade 2 Director Guillermo del Toro**

**Wed 7 pm/ET Chat** **GO**

Log on tonight to [Lycos.com](http://Lycos.com), after locking the windows and bolting the doors, and chat with gothic horror writer-director **Guillermo del Toro**. Fresh from the blockbuster success of **Wesley Snipe's Blade II**, the mastermind

behind creepy mutant bug film *Mimic* and Cannes Critic Prize winner *Cronos* will be answering questions about his upcoming projects and how he made *Blade II* so visually stunning.

**Harry Potter's Shirley Henderson**

**Wed 1 pm/ET Chat** **GO**

This afternoon, take a break and meet Scottish-born actress **Shirley Henderson** when she joins [USAToday.com](http://USAToday.com) to discuss her role in the forthcoming *Masterpiece Theater* presentation *The Way We Live Now*. The versatile actress has also appeared in more populist fare like *Bridget Jones's Diary* as well as the cult hit *Trainspotting*. She's set to appear on the big screen in the next installment of the *Harry Potter* franchise, *Chamber of Secrets*, as Moaning Myrtle. Log on and ask Henderson what we can expect from the film, since we won't see it until next winter!

### TELEVISION

**Catch Up with 24**

**On Demand** **GO**

Part of the intrigue of *24* is that, although the suspenseful drama takes place in a mere 24 hours, every minute is jam-packed with details and complex characters. If you missed an episode, or even if you've watched every second of **Kiefer Sutherland** saving the free world, you'll find value in the website's minute-by-minute guide at [Fox.com/24](http://Fox.com/24). Peek in on Jack's desktop notes, or see if there are any clues on his kidnapped daughter Kimberly's computer. In the research files, learn about the gizmos that help the CTU in their investigation, and check up on the profiles of each character. And if you're trying to beat Kiefer at finding out who wants to kill Senator Palmer, join the *24* community of sleuths and share your thoughts and insights.

**Living in the Real World**

**On Demand** **GO**

Most of us will never live in a place as fantastically designed as the casts of the *Real World* enjoy every

season, but you can take a jealous look back at [RealWorldHouses.com](http://RealWorldHouses.com). The fansite, while fairly thorough, is limited somewhat in the pictorials of the earlier homes, but has interesting features such as photos of the interior of the San Francisco and Boston houses as they currently look, as well as exterior shots of the reported location for the upcoming Las Vegas edition of the enduring MTV franchise.
